

# From Spreadsheets to Strategy: How the League of Conservation Voters Found Clarity with Euna Budget

Since 1969, the League of Conservation Voters has worked to protect the environment and strengthen democracy by advocating for strong environmental laws, supporting pro-environment candidates, and holding elected officials accountable. Through grassroots organizing, policy work, and voter engagement, LCV promotes clean energy, sustainability, and equity for underrepresented communities.

## Challenges

- Manual budgeting in spreadsheets across 20+ programs
- Teams worked in silos, exchanging multiple spreadsheets
- No central platform limited real-time visibility
- Manual steps increased risk of errors and inefficiency
- Finance repeated processes quarterly, compounding the burden

## Solutions

- Flexible layouts and visibility into budget status
- Simple, user-friendly, and highly customizable platform
- Seamless integration enables daily reporting
- Centralization removes confusion and improves accountability

## Results: Simplicity, Speed, and Strategic Clarity

With Euna Budget, LCV streamlined budgeting and eliminated manual spreadsheets. They now have real-time visibility, faster reporting, and more time to focus on their mission.

### Time Savings

Budgeting and reporting are now faster and more efficient.

### User-Friendly Interface

Budget managers find the platform intuitive and easy to use.

### Real-Time Visibility

Leadership has up-to-date insight into financial status.

### Better Accountability

Clear audit trails and version control boost data confidence.

It's a lifesaver, it saves us time, and it's so easy to use and flexible. Our budget managers love the simplicity."

— Titi Sonekan  
Senior Vice President of Finance
