EMBURSE SPEND

Simplify employee purchasing

Empower teams to spend smarter, no expense reports required

Emburse Spend is a card management solution that helps AP and procurement teams empower their employees to spend smarter while maintaining necessary control and visibility over common expenses.

MARKETING AND ADVERTISING

Set a max budget for advertising spend and automatically prevent over-budget transactions

RECURRING SUBSCRIPTIONS

Assign each SaaS subscription a unique virtual card with auto-enforcing rules and tracking

HARDWARE AND SOFTWARE

Create one-time use virtual cards for large, outsized purchases while detecting duplicates

MATERIALS AND SUPPLIES

Monitor budgets by location, project, team, and more, while easily labeling COGS purchases as billable

Proactive Control

Manage spend before it happens with built-in card controls.

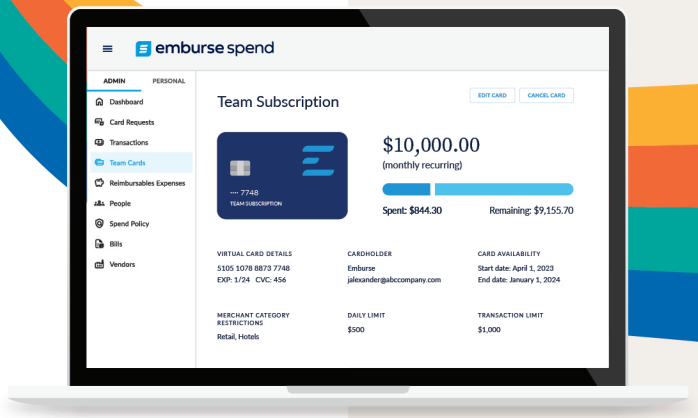
Instant Visibility

See expense details instantly without waiting on an expense report.

Effortless Close

Zero-touch management and accounting with purchase to posting automation.

How Emburse Spend Works



Set policies

Mirror existing expense policies to automate low-value work

Issue Emburse Cards

Admin/Manager issues or approves request for pre-coded virtual card

Purchase

Member purchase triggers smart receipt/ invoice capture and auto-submission

Accounting

Purchase is auto-approved with touchless ERP reconciliation

> With Emburse Spend, we've gained more visibility into our operating expenses and increased control of our spend with a platform that can easily scale with us as we grow.
