# AVIDXCHANGE FOR
SAGE INTACCT

Bring your AP process more options, maximum efficiency and minimum risk of fraud

As companies expand, they face challenges scaling operations and financial business processes. CFOs and controllers are often aware of pain points in accounts payable (AP) but lack the technology to remedy issues. Organizations need visibility and control of internal processes and a seamless integration from your accounting system to accounts payable software. We know how important it is for your accounting system to remain your system of record, which is why we've integrated with best-in-class solutions like Sage Intacct.

The Solution

AvidXchange, a leader in AP and payment automation for the mid-market, automates the way companies pay their bills by providing AI powered invoice capture, approval workflows, electronic payments, and seamless integration with Sage Intacct. Additionally, AvidXchange offers Sage Intacct users multiple payment methods that help them earn predictable incentives on qualified e-payments. Significantly reduce your processing costs and time spent on processing invoices and payments by removing the paper—along with all the time and clutter that goes along with it. With AvidXchange, you're less than 45 days away from removing the paper and enjoying a more efficient payment automation experience.

Ability to facilitate
100% of payments

24/7 visibility
on invoice and payment statuses

60% reduction
in invoice processing costs

Benefits of AvidXchange for Sage Intacct

1. Reduced processing costs

✓ Leverage a unified solution for both invoices and payment

✓ Eliminate the costs associated with paper invoices and checks

✓ Transfer invoices to Intacct with just one click

2. Scalable growth

✓ API enabled integration that extends well beyond the basics of AP, including support for custom dimensions

3. Improved control and visibility

✓ Offer suppliers flexible payment options, including virtual card, enhanced ACH and check

✓ Configure workflows to your current processes, including invoices linked to Purchase Orders with 2- or 3-way matching

✓ Gain 24/7 visibility on invoice and payment statuses, including invoice images

The implementation and the integration with Sage Intacct is so smooth. Anyone who asks me about it, I tell them it's been just seamless. It's been so easy because you can just pop into the system and pull up an invoice. I was shocked."
