

SAGE INTACCT – SAP CONCUR

INTEGRATION PACKS FOR CONCUR INVOICE AND CONCUR EXPENSE

INTEGRATION PACKS FOR INVOICES AND EXPENSES

Are your employees manually migrating invoice and expense data from SAP Concur to Sage Intacct? If so, our pre-built integration packs are easy to deploy and completely automate the migration of data between systems. Make your organization more efficient today and eliminate errors associated with re-keying data or uploading large flat files.

THE ARMANINO ADVANTAGE

Choosing the right partner is even more important than choosing the right software. Armanino is a leader in Cloud Financials and was named a “Killer VAR” by Accounting Today. We offer unparalleled financials expertise with former CFOs leading our consulting services so we can understand our clients’ needs. Our dedicated consulting team has completed more than 1,200 Sage Intacct implementations, customizations, and integration projects for a wide variety of industries. Armanino is Sage Intacct’s VAR Partner of Year for a consecutive 7 years running.

KEY BENEFITS

The Sage Intacct – SAP Concur Integration Packs enable greater visibility into your business along with seamless accounting and expense reporting. The integration allows you to:

- Migrate expense reports into either the GL, Accounts Payable, Time & Expense Module, or Cash Management in Sage Intacct
- Transfer images from SAP Concur to Sage Intacct
- Update lists in SAP Concur with dimensional data, e.g., vendors, projects, locations
- Run on demand or on a set schedule

The Sage Intacct – Concur Invoices and Expenses Integration Packs include:

- Hosting
- Monitoring
- First level support

System Requirements:

- Intacct Web Services; Intacct Platform Services

Price: Paid Application
