Sage | highradius

RadiusOne AR Suite

HighRadius believes in the power of partnerships. Our partnership with Sage Intacct helps you add incremental value to your ERP by improving your process with intelligent automation, by lowering DSO and DDO, optimizing working capital, fast-tracking financial close, and improving productivity and accuracy on a single cloud platform.

Credit Risk	e-Invoicing	Collections	Cash Reconciliation
Automated credit scoring and risk monitoring	Automated invoice delivery across emails, web & AP portals	Actionable insights & auto-prioritized worklist	Automated remittance aggregation across sources
Faster customer onboarding with online applications	Self-service customer portals to track and pay invoices	Automated dunning across emails & web portals	Auto-invoice matching and deduction coding
Efficient reviews with configurable workflows	Two-click payment gateways with multiple payment options	In-app VOIP calling with auto-logging of notes and scripts	Straight-through cash posting to your ERP

Machine learning algorithms trained on $2.23 trillion+ receivable transaction data

The HighRadius Promise of ROI

HighRadius is a leading Fintech company that provides complete Accounts Receivables, Treasury and Record-to-Report solutions that are quick to set up and scale with your business. Our solutions leverage AI-based autonomous systems to automate credit management, invoicing, payment processing, cash application, deductions and collections for companies of all sizes across industries. The result: better, more streamlined O2C operations.
