

MISSION

Our innovations help growing companies and implementation partners strategically focus by transitioning data and settings between software systems.

VISION

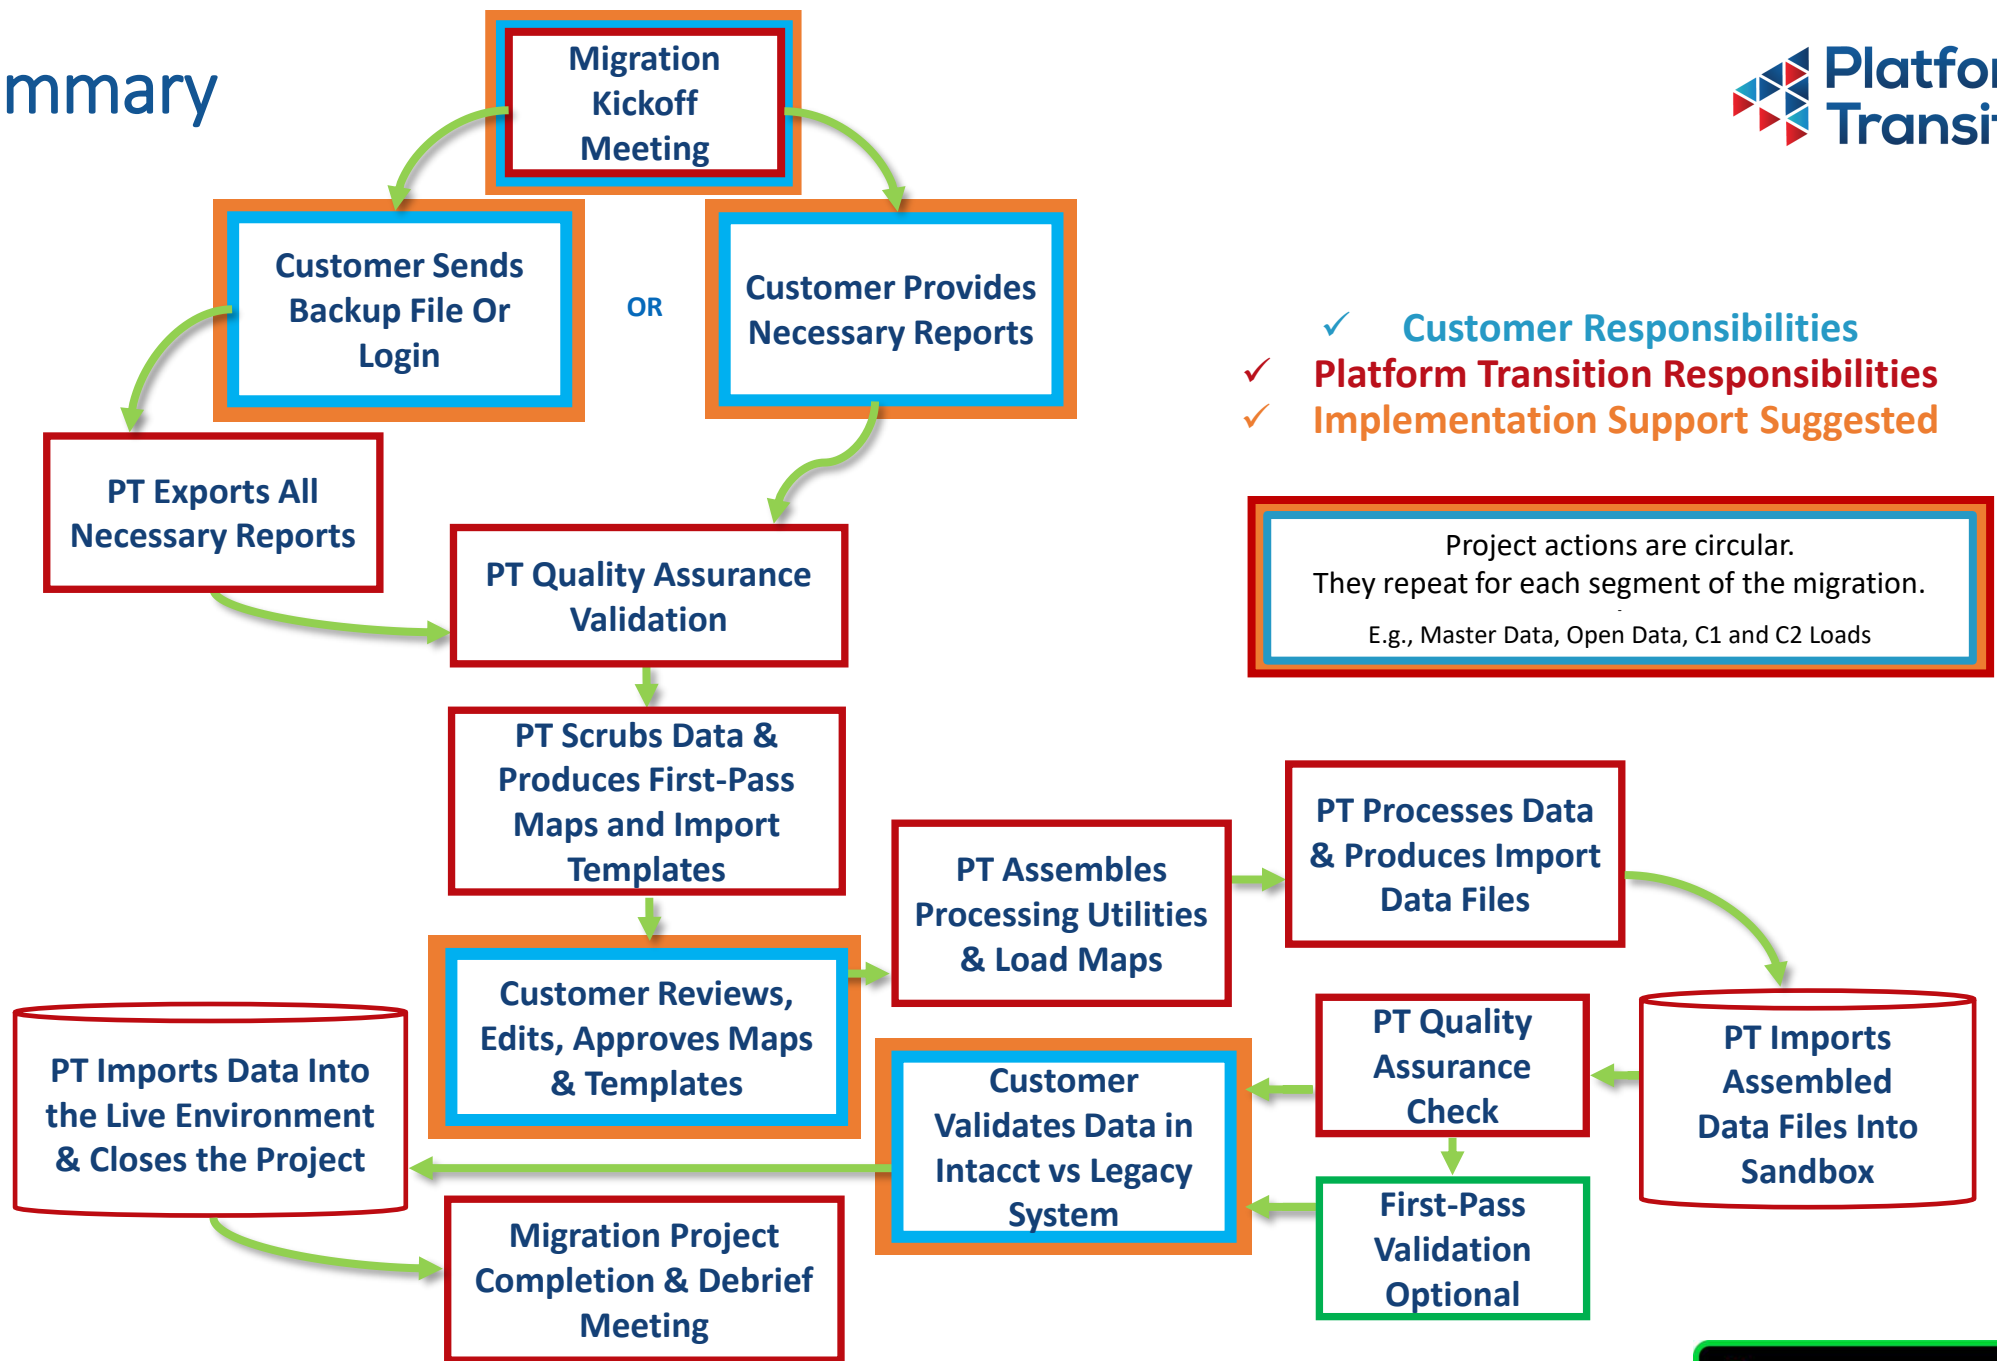

We are committed to leading an industry that is unified, connected, effective and responsible.

Platform Transition

HINDSIGHT. INSIGHT. FORESIGHT.

Workflow Summary

- ✓ **Customer Responsibilities**
- ✓ **Platform Transition Responsibilities**
- ✓ **Implementation Support Suggested**

Project actions are circular. They repeat for each segment of the migration.
E.g., Master Data, Open Data, C1 and C2 Loads
