

Unlock the power of early payments.

Quickly is the innovative **early payment software** that allows you to earn valuable discounts on your bills while providing your suppliers the ultimate flexibility in when they get paid.

How does Quickly save you money?

By automating your early payment program, you can leverage Quickly's funding network or your excess cash to **save up to 4%** on your supplier bills.

Early payment solution

Suppliers are waiting **30-90 days** to get paid for work that has already been completed. Putting a massive strain on their operation.

Quickly connects your vendors to their financial goals by allowing them to be **paid on demand for approved invoices**.

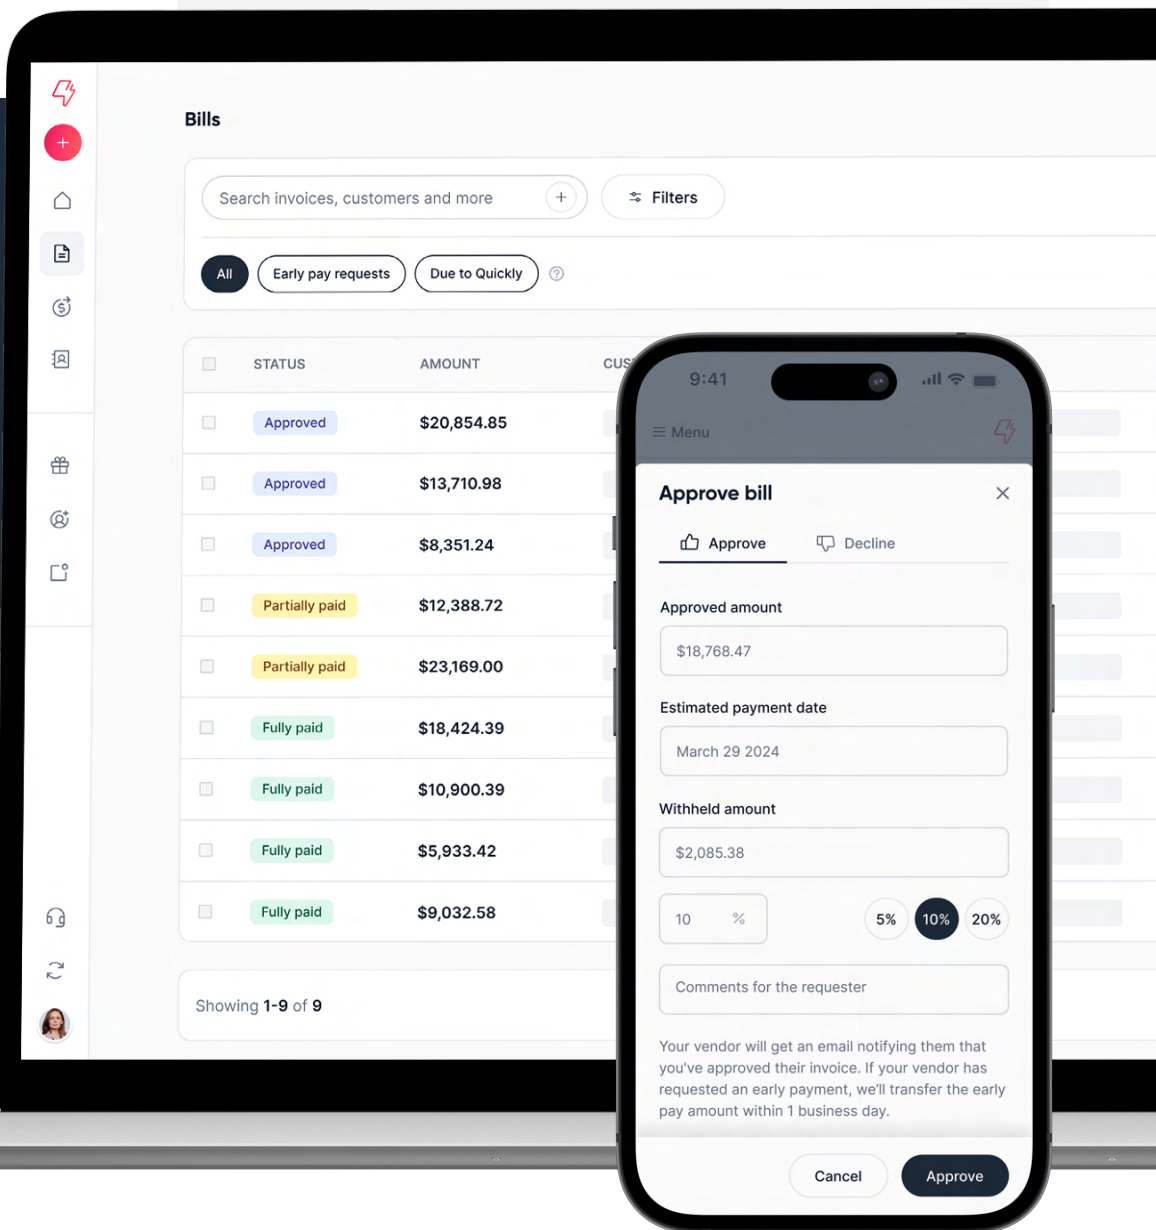

Vendors feel **financially stable and secure**, allowing them to take on more work and prefer working for you.

Up to 46 percent of suppliers request early payment on invoices.

Your advantage

- ✓ Use Quickly's funding network or your excess cash to save up to 4% on supplier bills through early payments
- ✓ Use Quickly's funds to lower your costs with discounts on supplier bills
- ✓ Strengthen supplier relationships and improve retention
- ✓ No change to your current accounting processes and systems

"We are pleased to form this partnership with Quickly and **very happy with the results**. Trade payables can be problematic in our industry and it's nice to have an alternative for our vendors that also **improves our bottom line.**"

How does it work?

Using your existing system, continue processing bills as usual

Your bills are mirrored in Quickly through our integration

Suppliers request early payments on approved bills, at a discount

And it's all recorded in your system automatically!

If our funds are used, you pay us on your normal payment terms

Early payments are completed using our funds, or yours
