

# Integrated for Success

## Why did we partner?

LeaseQuery has integrated its solution with Sage Intacct, an industry leader in small to medium business enterprise resource planning (ERP). Our partnership brings two products together to facilitate complex lease accounting compliance and drive customers through their unique digital transformation plans.

Sage Intacct helps finance professionals increase efficiency and drive growth for their organizations. How? By automating your processes so you can run your day-to-day business better. And by giving you greater insight and flexibility—so you can make confident long-term decisions, then act fast to execute changes.

## Why integrate?

The integration between LeaseQuery and Sage Intacct simplifies lease accounting for users, maximizes time savings, and eliminates substantial mistakes by automating the journal entry and accounts payable processes.

### Here are several key benefits from the integration:

- ✓ Automate journal entries to the general ledger
- ✓ Automate Accounts Payable process for leased assets
- ✓ Maximize time spent in ERP, improving user experience and efficiency
- ✓ Eliminate human error by using the integration to post your entries
- ✓ Streamlined seamless workflow creates time for additional projects

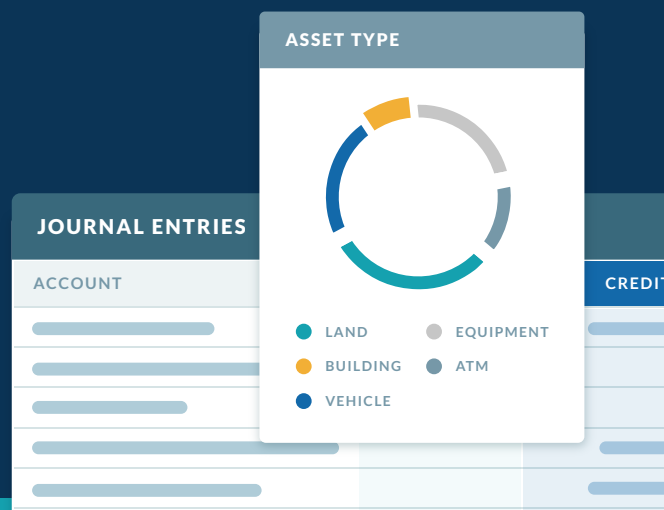

## What's included in the integration?

With LeaseQuery's integration with Sage Intacct, we are able to send lease data directly to the General Journal and drive the Accounts Payable Process. A user can spot check entries for accuracy before formally posting to the General Journal and complete the AP process by transmitting a check run directly into Sage Intacct with one click! LeaseQuery pushes data into Sage Intacct making your transition easier than ever and simplifying the long term management of your leased asset portfolio.
