

Isn't it time to rethink your accounts receivable process?

manually matching payments to invoices? chasing outstanding accounts?
resending misplaced or lost invoices? high volumes of customer inquiries?
receiving cheque payments? rising DSO?

ARC
Accounts Receivable Cloud

Make customers happy.
Get paid faster.™

Discover how accounts receivable (AR) automation can streamline your order-to-cash process. Gain insight into your AR, make customers happy and get paid faster with VersaPay ARC™.

versapay™

Make customers happy. Get paid faster.™

Provide an enhanced customer experience with ARC, an online cloud-based portal to refocus your AR team on high value work and increase your cash flow.

Invoice Faster and Efficiently

- Present invoices online and attach supporting documents vs. manually emailing, mailing or faxing invoices.
- Provide customers with convenient 24/7 access to login and view outstanding invoices.
- Gain visibility into when, where, and how many times a customer has opened an invoice to plan effective follow-up.

Save Time and Money

- Save on costs associated with mailing invoices: printing, folding, stuffing and stamping envelopes.
- Eliminate lockbox fees by accepting payments online (ACH, EFT, credit card).
- Maximize your AR team's time by automating overdue account reminders vs. follow-up calls and emails.

Get Paid Faster

- Accept payment online to make it quick and easy for customers to settle outstanding invoices.
- Prevent payment delays by correcting invoice errors and resolving invoice disputes online in real-time.
- Understand late payer behavior and leverage insights from ARC's dashboard to prioritize your team's time for top outstanding accounts.

Eliminate Manual Tasks

- Increase efficiency of your AR process by automating repetitive tasks.
- Stop resending lost or misplaced invoices to customers by moving their invoices into an online portal.
- Eliminate manual matching of payments to invoices with automation to match data and reconcile it back to your ERP.

Collaborate Effectively

- Communicate with customers effectively for invoice inquiries, disputes and resolutions within ARC's online portal.
- Notify sales and customer service with real-time alerts to inform them about customer inquiries and updates.
- Send a variety of automated reminders tailored to your customers behaviors.

Gain Valuable Insights

- Shine a light on trending days sales outstanding (DSO), top overdue accounts and open disputes with ARC's online analytics dashboard.
- View activities on invoices including opens, disputes and resolutions.
- Review account details, and view history of customer disputes and inquiries.

"We weren't entirely sure how our customer base would respond to an online invoicing and payment system... An overwhelming number said it was an easy, intuitive, and quick process."

- Jackie Dekar, Business Systems Support Manager,
Metroland Media Group

"As a rapidly growing business approaching \$100 million in annual sales, we generate thousands of invoices each month and manually reconcile payments. VersaPay's solution will allow us to automate manual AR tasks, including collecting and matching payments to invoices, thereby improving the efficiency of our AR function."

LOADDELIVERED

- Robert Nathan, CEO
