Strongbox is a product of Finagraph, a Seattle-based company with a 10-year history building innovative financial tools for small businesses, accountants and financial services providers.

Finagraph
STRONGBOX™

For Financial Diligence Teams

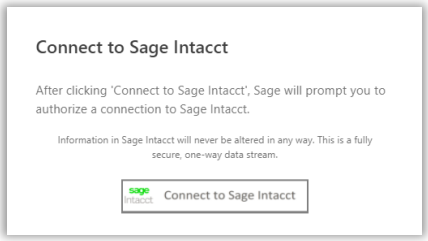
# Key Features

- ✓ Reduce the burden of request lists and back-and-forth by connecting directly to the company's accounting system
- ✓ Line-by-line monthly financial statements
- ✓ General ledger (transaction) detail
- ✓ Cash flow analysis
- ✓ Default databook formats or customize to your template
- ✓ Instant implementation

# How It Works

1

Your team (or the company) connects to Strongbox app



2

Data is extracted, normalized and analyzed in minutes

3

Your Databook is available for download directly into Excel
