BUILD OPS

The #1 Mobile App for FIELD Technicians

Standardize Technician Workflows

Drive down callbacks, increase first time fix rates, and increase opportunities for valuable pull-through work with customizable workflows.

Effortlessly Manage Assets

Use OCR to snap a photo and store make, model, and serial numbers for every equipment type. Easily access an audit trail of recommended and completed repairs.

Fast, Intuitive, and Easy to Use

Complete work orders, receive updates, access key site plans and equipment manuals, and collect customer signatures – all within a simple app.

“BuildOps is more than just a vendor; it’s a partnership. With state-of-art technology and world-class developers, who also happen to be really great people, BuildOps was an easy choice for my business.”

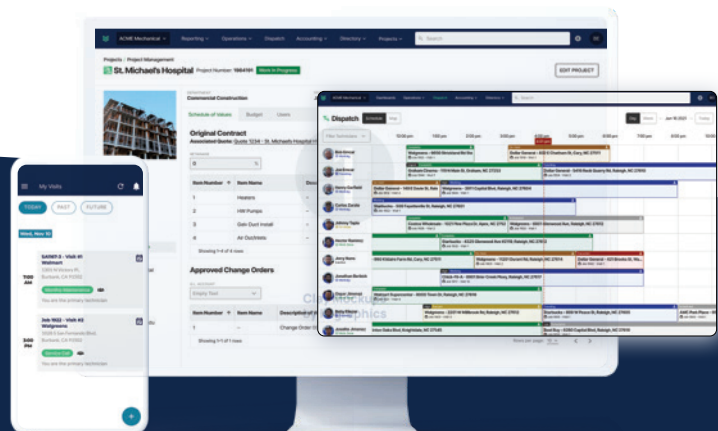

Bob Snyder
CEO, Binsky

Extensive partnerships with the industry’s top players.
