

LEASE ADMINISTRATION MADE EASY

Automated Lease Management So You Never Miss a Critical Date Again

Say goodbye to spreadsheets and calendar reminders. Leasecake's user-friendly lease administration platform is designed to centralize all lease-related data, streamline operations, and automate critical tasks so you can maximize efficiency, reduce costs, and minimize risk to your portfolio.

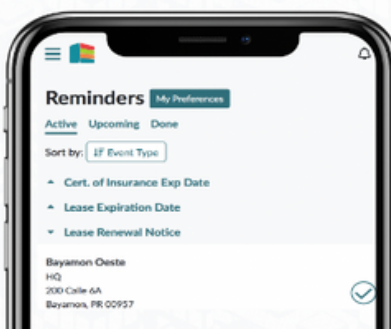

CENTRALIZED

Quick Access to all Location & Lease Information

PROACTIVE

Notifications & Reminders for all Business-Critical Events

COLLABORATIVE

Easily Share Information with Colleagues, Vendors & Clients

LEASE ADMINISTRATION

PLATFORM HIGHLIGHTS

- **Centralized Lease & Location Data:** Consolidate and organize all lease- and location-related information in one accessible platform.
- **Automated Critical Date Tracking:** Receive timely alerts for rent reviews, lease expirations, and option renewal dates to prevent costly oversights.
- **Location & Portfolio Analysis:** Pinpoint underperforming locations, capitalize on growth opportunities, and make informed decisions about lease renewals or terminations with our location analysis tools.
- **Financial Reporting & Compliance:** Simplify financial reporting and maintain compliance with ASC 842 and IFRS 16 accounting standards.
