

Get the power of 2CP's TPro payment gateway integration with Intacct. 2CP manages the entire experience from card payments, ACH, e-commerce, PCI compliance, through to Intacct integration: One Payments Vendor, Setup to Support.

Customer Portal

Get the benefit of Self-Service A/R, when customers log-in via your website, pay their invoices, and even store their credit card on file for future payments or recurring billing.

Displays your customers' open invoices via your secure website and allows them to pay via credit card or ACH

Customers can store Card or ACH for future use, update the card on file, or use it for recurring billing (2CP Recurring Billing Module required)

Create multiple portals based on customer type, or Intacct entity, or almost any other classification

Reduce costly manpower for manual payment processing, store payment information in a secure PCI-DSS environment, multiple entities supported

Now with Non-US Bank Payments!

Automate Invoicing and Credit Card/ACH Payments at No Additional Cost!
